Foreword

THOSE who possess this book bear in their hands a literary monument, erected to the achievement of a great turning point in life.

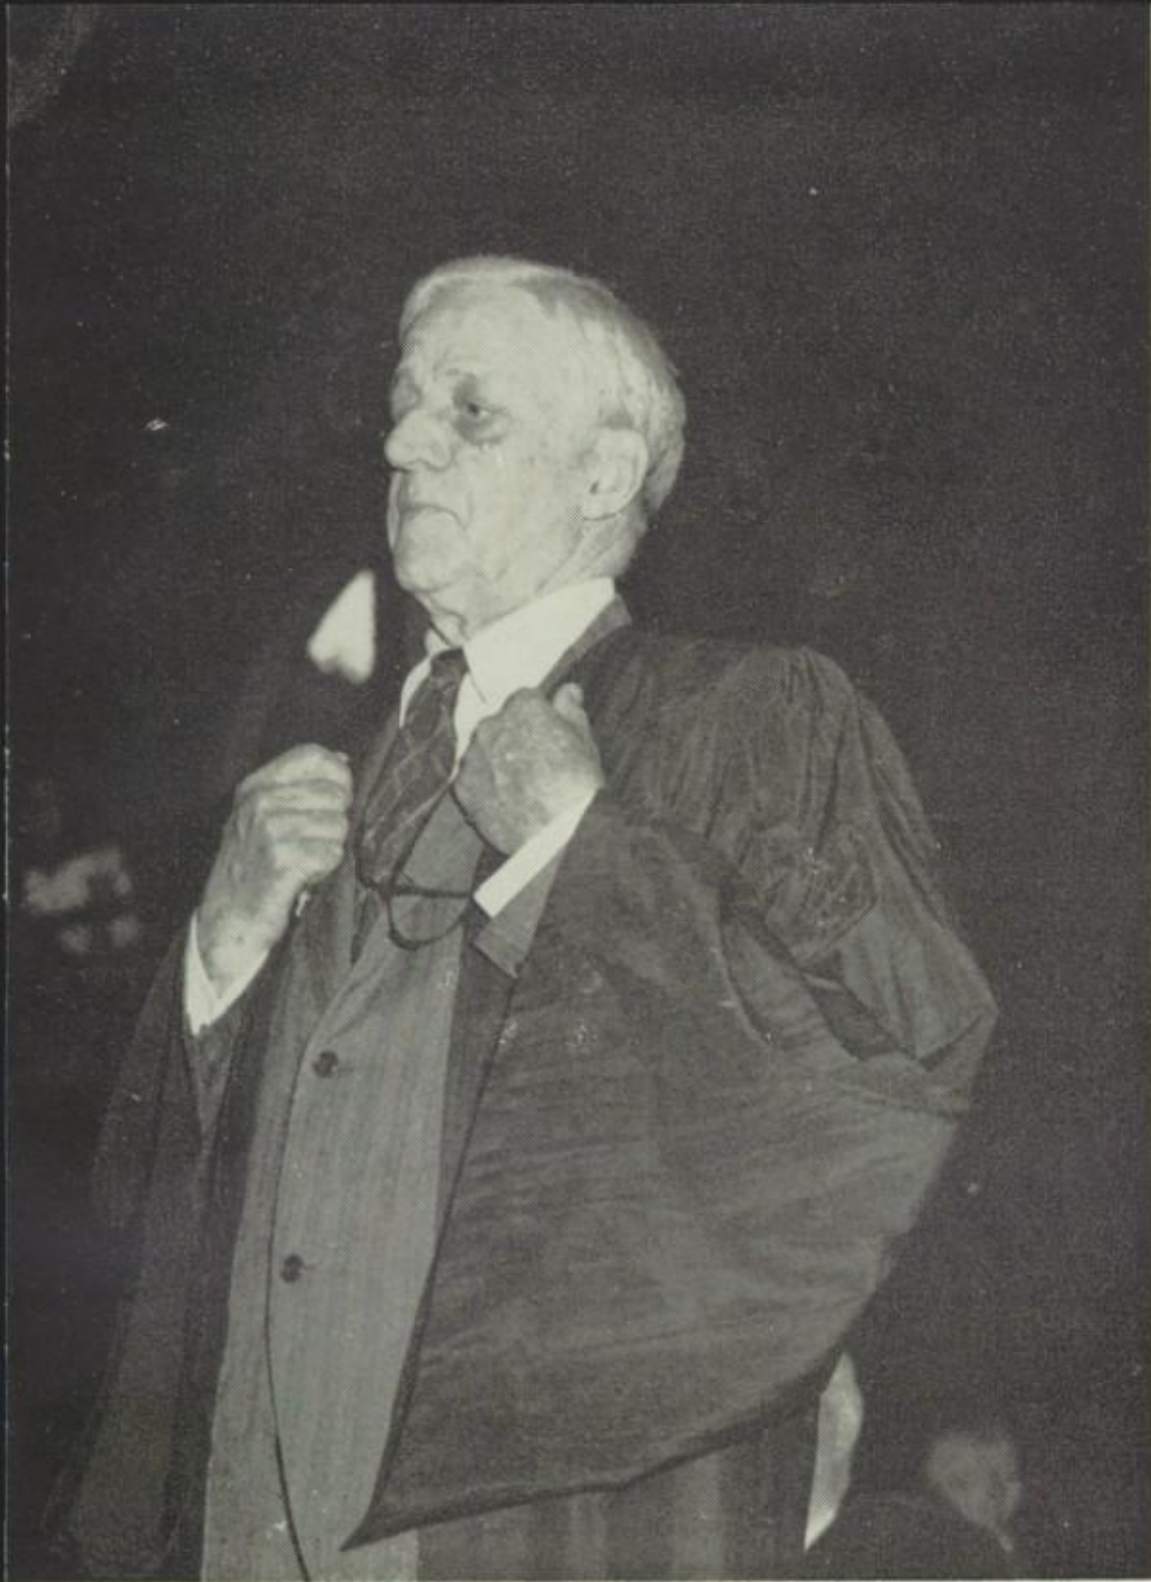

It serves as a marker, separating a vivid phase of our past from the clear and untrodden fields of the future, which the chronicle of events here at Cheshire have spread before us.

But it represents more than this. It is a portrait of student life—of many of our lives as they have been lived here in the act of preparing for the many possibilities of Tomorrow.

It ends a vital period in our education—an education which will arm us for the unforeseen events of a later period.

This year, *THE ROLLING STONE* stands as a product of the undivided concentration of the Cheshire student, and it is all-important that it should leave a thorough imprint on the minds of future Cheshire graduates.

With the remembrance of this book, and the Academy life which made it possible, may this year's graduating class depart with hope and confidence for the future.

Dedication

The Seniors respectfully dedicate this
1950 ROLLING STONE

to

THE REVEREND KARL REILAND, D.D.
Class of 1893

President of the Alumni Association,
Dr. Reiland has always manifested an
active interest in, and devoted loyalty
to, the welfare of Cheshire.

History of Cheshire Academy

FOR over a hundred and fifty years the educational institution at Cheshire has maintained an honorable record and has rendered valuable service to the cause of education. Throughout the nineteenth century and now during the first half of the twentieth, its roll of graduates includes names famous in history, politics, education, finance, and society. It has drawn students from many foreign countries: Argentina, Chile, and Venezuela, Cuba, Puerto Rico, and Panama; and from the continent of Europe, students from Holland, Germany, Hungary, Russia, Latvia, Spain and France. There have also been students from England and China. One might say that the Cheshire Academy, in one of its several forms since 1796, is known all over the civilized world.

The foundation of Cheshire Academy as an educational institution was determined in 1792 by the first Episcopal Bishop in America, Samuel Seabury. It was not, however, until April 28, 1796, that the cornerstone of the Academy was laid and the school officially opened by the Reverend Tillotson Bronson. Doctor John Bowden was chosen Principal at the annual Convention at Cheshire, in June, 1796, when a constitution was drawn up and a board of twenty-one Trustees was elected.

The first building, Bowden Hall, was completed in the autumn of 1796 by the people of Cheshire. Scarcity of funds necessitated the granting by the State Legislature of a lottery to raise the sum of fifteen thousand dollars. College degrees, however, were not permitted by the Legislature.

The Reverend William Smith succeeded Doctor Bowden in 1802, and three years later the Academy was incorporated by the Legislature of the State of Connecticut. During the following years the Academy went through several changes of prosperity and adversity. Then in 1862 under the leadership of Doctor Sanford Horton, the Academy was established as a flourishing military school which attracted students from far and near.

These were the days of the Civil War and three famous members of the Alumni were Admiral Foote, General Wheeler, and Secretary Welles. The thoughts of students naturally gravitated towards army life, just as they did during the past years when the present Academy included a Junior R.O.T.C., Military Science and Aviation Science among the courses offered.

The last Principal of the Episcopal Academy, upon the retirement of Doctor Horton in 1892, was Eri D. Woodbury who served the school unsparingly for seven years. At the end of this period the Trustees of the Diocese of Connecticut leased the school for ninety-nine years to the Trustees of the Cheshire School, Inc. The buildings were entirely renovated and the school placed on a thoroughly modern basis.

In 1917 the Academy, under the name of Roxbury School, was under the Headmastership of Mr. Walter Ferris, the father of Stuart Ferris who is now a member of the Board of Trustees.

Mr. Arthur N. Sheriff, the present Headmaster, took office in 1922 and it was during his regime in 1937 that a Charter was granted by a Special Assembly in Hartford, and the school was named Cheshire Academy. Mr. Sheriff by preserving the best of the traditions of the past and including many modern features has made Cheshire Academy one of the most outstanding institutions of learning in the country.

Burt Albert wills a free pass to Hurley Hall.
Larry Grace leaves a stick of dynamite to Ben Schwartz for blasting purposes.
Henry Benacerraf donates his pictures to Fenwick Pierce.

HOUSES

The Sheriff House

The Sheriff House has a most interesting group of boys this year. Interesting, because the four Spanish boys and the six American boys cooperate and play so well with each other. Never have four little Spanish boys learned English so quickly; and we are proud of their achievement.

Gerald and Ronald Ramirez from Venezuela spent the Spring vacation here in Cheshire. They declared they had a wonderful time. Much thanks is due to some of the older Spanish boys who saw to it that they were able to attend some night movies.

Alejandro and Humberto Azpurua are fine members of the Sheriff House and Alejandro sees to it that life is never dull for any of us.

Kim Clark is always the same Kim, never quiet—a boy of spirit and high standard. Bill Almy, Bruce MacDonald and Kim Clark are enthusiastic in their love of athletics. Bruce has done outstandingly well in basketball. Russell Barnes and Peter Schuchman live together and get along very well—with each other. Brendon Zunder is the smallest boy in the House. His roommate, Ronald Ramirez, takes good care of him. Each night Ronald gives Brendon a boxing lesson. Better watch out, Ronald!

Sometimes I fear Miss Schauer is a bit jealous of the parties the Sheriffs give the boys on Saturday nights, when Mr. Sheriff "takes over" the House.

Believe it or not—and you don't have to pay \$64 for this answer—Miss Schauer likes every one of us.

Schuchman, Reidy, Aspúrua, A. Almy, Barnes, R. Zunder.

The Ainsley House

Ainsley is a Senior House and therefore its residents are all older boys. Jim Seu lived here for the first half of the year, until he graduated in February. Tom Mahar, like Seu, was a veteran. He was in the Air Force and took part in the Berlin air lift. Tom was another proctor, and an honor student. Incidentally, he was the first string quarterback on this year's undefeated football team. His teammate, Paul Mackey, also lived in the Ainsley House. Paul was a fine student and a good athlete. He was given the Cyrus Taylor Award for leadership, sportsmanship, and scholarship. Paul Couluris, known as "The Golden Greek," played J.V. Football last fall and was a prize student. Big Jim Bozzelli also played J.V. Football and starred in Club Basketball. John Brennan played J.V. Basketball. Charles (Happy) Haynes was a fun-loving comic, very much loved by his classmates. Joe Marinan was the first sabre man in this year's fencing team. Henry Mayo, one of the best liked boys on the campus, served on almost all of the many class committees. He played goalie on the hockey team and covered second base for the J.V. Baseball team.

Left to right: Bozzelli, Mayo, Marinan, Mahar, Mackey, Couluris, Haynes, C.

The Beardsley House

The Beardsley House this year is noted for having a various number of characters. Upon opening the first door on the right downstairs you will find Art Schotz busy listening to his victrola while Ferdie Guttierrez writes one of his torrid love letters. In the adjoining single room you will find John Miraglia reading a book on how to play shortstop.

In the first room on the second floor we find Hal Blacksin and Paul Tano in a spirited argument over baseball. While outside in the hall, another member of the second floor by the name of Saul Pundik and Mr. Garrison, one of our house masters, continue their feud. In the next room there is Dick Backrach listening to an opera on the radio, while his roommate, Doug Schustek, is reading a book, *How to Win Friends and Influence People*.

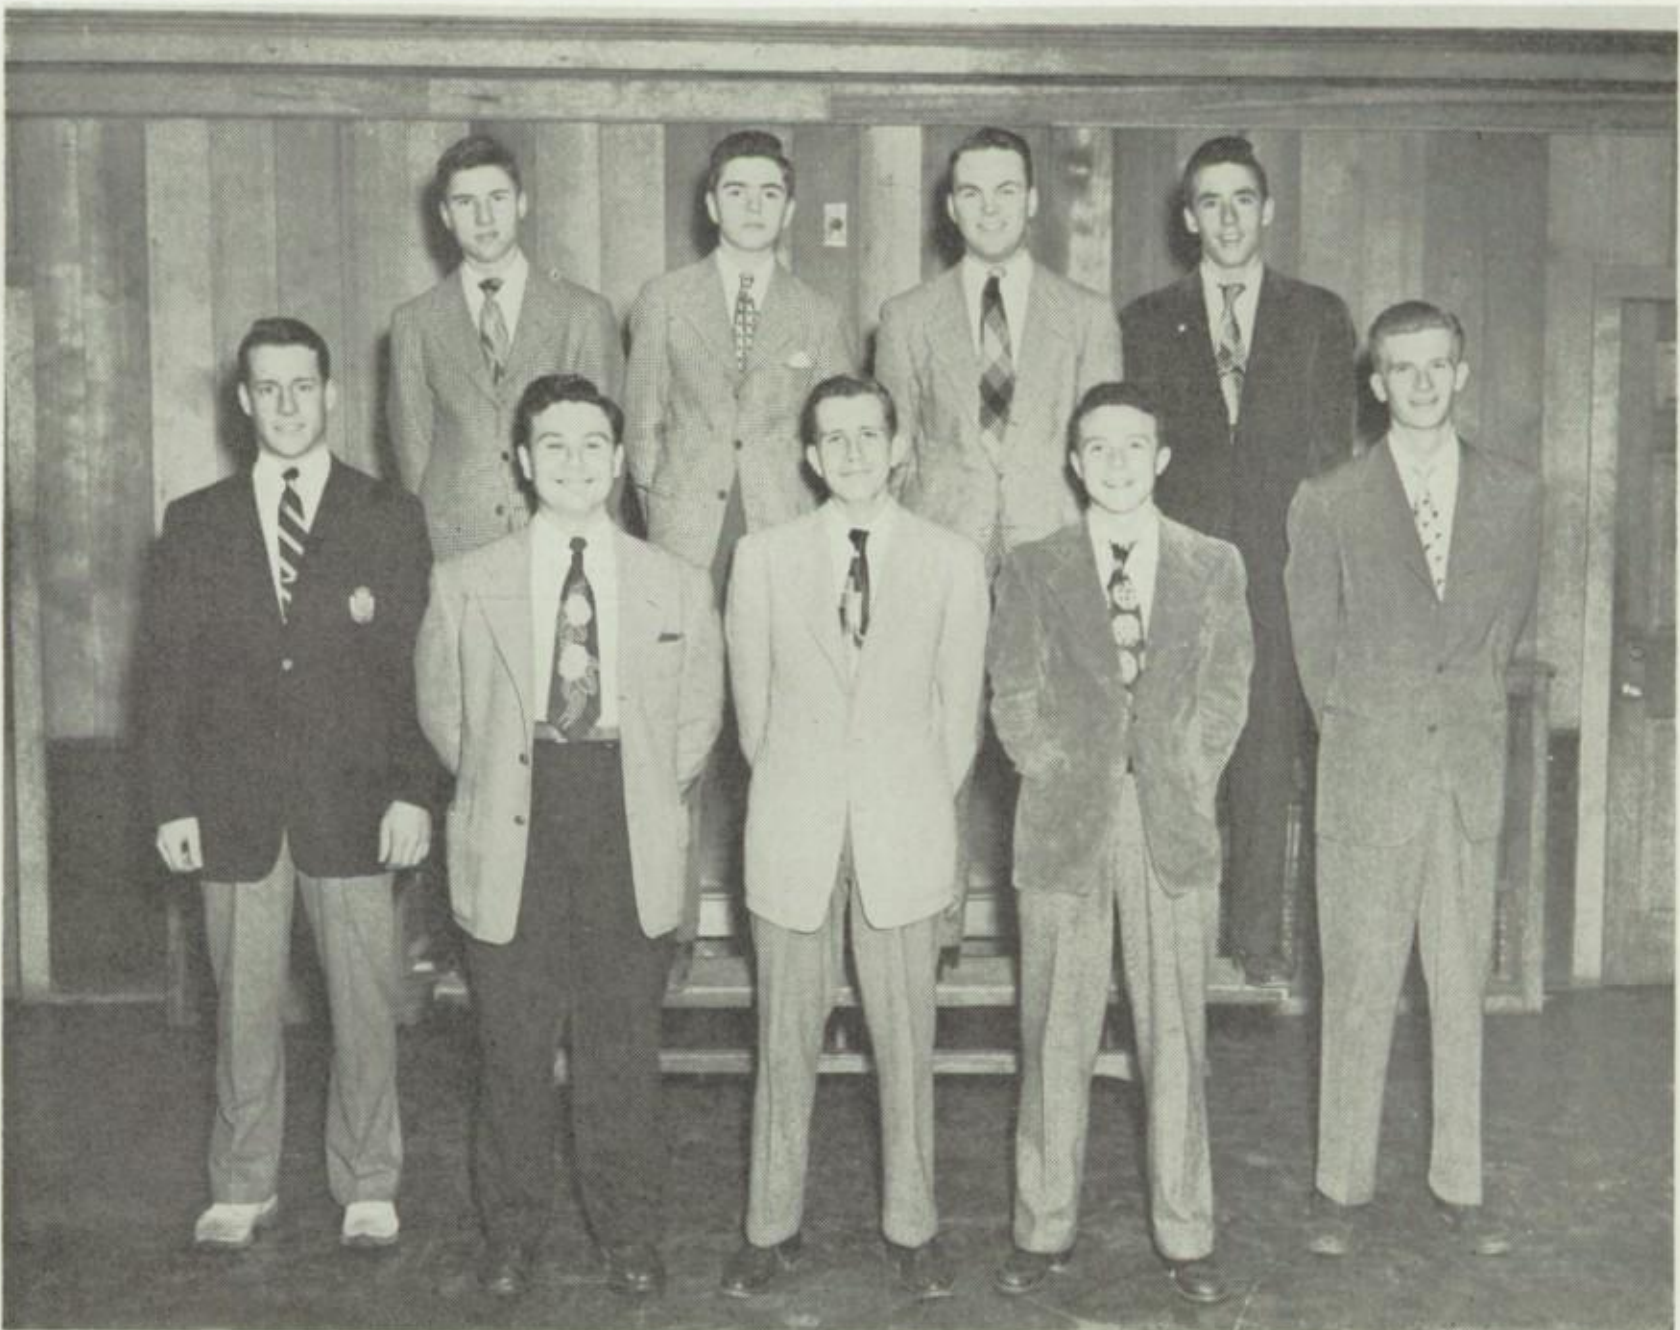

Up on the third floor we have our four proctors. In the first single room there is Bob Chumbook reading his new magazine, *Outdoor Life*. In the next single room Dave Ballou is trying to figure out whether Be-Bop will triumph over Dixieland. In the last room we have Mike Papan-tones and Cheim Gorham studying hard trying to get into college.

Front row, left to right: Schotz, Guittieriez (sitting), Bachrach, Miraglia.
Second row: Schustek, Blacksin, Papantones, Gorham.

The Chubb House

In the Chubb House the first room noticed is that of Richard Lane and John Pantano. Lane because of his great height and weight has been given the title "Baby Elephant." He is the canasta expert in the House. His roommate, Pantano, comes from the Bronx and is interested in photography, printing, and developing pictures. Both boys hope to attend Yale. In the next room are the two sports stars, Joe Rothman and David Jennings. Joe, from New York, plays basketball, football and baseball. Dave, from Norwich, Conn. plays football, hockey, basketball, tennis, and baseball. The adjoining room contains the scientist, West Galogally, and the artist, Walter Miller. Galogally is interested in model airplanes. Miller on the other hand enjoys studying and playing the piano. Next to the proctors live John Keller from Oneida, who has a sterling disposition, and Marvin Milner from New York City. Keller, interested in science publications, is a very quiet boy. Milner studies a great deal and likes to play softball. The college of his choice is Harvard and, like him, all the boys of the Chubb House have a particular college in mind and hope to become better citizens in the years to come.

Front row, left to right: Mitchill, Milner, Miller, Jennings, Elliott.
Second row: Keller, Gallogly, Golden, Rothman.

Horton Hall

First row, left to right: Peyton, M., Freedman, Cohen, C., Epstein, Murr., Klau, Lapin, Matus, Williams.
 Second row: Holmsen, Capriles, Tinkoff, Kommel, Gordon Moskowitz, Kramer, Feid.
 Third row: Julian, Davis, Mitchell, O'Brien, Ford, Renkert, Lombardo.
 Fourth row: Spath, Barnes, Kelley, G., Crisman, Zimmerman, Kirsch, Peyer, E., Sheldon.

Bowden Hall

"You're in Bowden now? Boy, what'd you do to manage that deal?"

Well, for any fella who desires a berth in a double-decker, it's a simple matter to attain the desired end. Just ask for it. I lived in the clouds for four months as did my underpartner, Mr. "Gully" Del Olmo, love those morning springs!

Three of our boarders sadly departed at the mid-term for college and other sundry places. They are the following: "Bebs, the Miami Boy" Taño, Jerry "Stage Crew" Senior, and the notorious Manuel Almeida. To replace these came the one Lloyd Barry Tinkoff, foreigner from the Barracks. He is stationed with a fellow countryman, Mr. Dan Madeiros. Here are the rest of the gang that hope to survive the rest of the academic year: "Mountaineer" Al Munro and "J." Schloss in Room One, "Rosie" Rosengarten and Chan Drummond in No. Two, Jim Huang in Three, "Cowface" Kallfelz and "Gully" Del Olmo occupying No. Four, nobody in Five, and the two Massachusetts terrors in Six.

First row, left to right: Murphy, Huang, Munro, Del Olmo.
Second row: Rosengarten, Mederios, Schloss, Vargas, Drummond.

Woodbury Hall

In Woodbury Hall this present season we have the pick of the crop for the best gang that ever walked the face of this universe.

Starting off we have in Room 1 the mad Venezuelan, Bisquit Fernandez, who claims the presidency of the next Venezuelan republic. His roommate, Dick Dwyer from Hartford, Conn., is mad about Cheshire in more ways than one.

In the next room (Room 2) we have "Bop City" Norm Seider with his numerous volumes of Rasmitaz jazz that's "realgone man." His roommate, South Orange, N. J., Dick Eskay, tells of numerous escapades in New York City. Down the hall in Room 4 we find "Hi John" Philips, that great authority on the French language. Running about in Room 5 is Dick Strich, Westport, Conn., who, I think, will burn Cheshire to the ground with his electricity.

Next door in Room 6 we have another New Yorker, Munroe Roffer, or just Roff, the one in a bunch, the house comedian. Occupying the last room (Room 7) on that right hand side we find a fellow, Earl Adler, from some place south of Cheshire called Manhattan Beach, New York. Earl is noted for his amazing anecdotes of ball players and actors. Looking out upon the bright porch across from the Manhattan Beach bouncer is Harve Weiss of Seagate, N. Y. "With Weiss there's always a way," an old Cheshire proverb. Next door we have that man, Emil Toledo,

Third row: Toledo, Peyer, C., Jewett, Neumayer, Wheeler, Dwyer.

the great bathtub swimmer. And to round up the first floor is none less than Ronnie "gotta take a weekend" Rabin of Jamaica, N. Y.

Up above we have in Room 23 the great senator and commentator from Hartford, Conn., James R. Jewett. His roommate, Carlos Peyer, Caracas, Venezuela, is still figuring out how many days he has in this gringo country before freedom.

Next door who do we find but Fernando Lecours, Havana, Cuba, the great mathematician busily computing his figures and what girl he should write from "ze little black book." Across in Room 26 is Sin Min Tan who hails from Singapore. In the last room (Room 25) of that hall we find "firebug" Feinberg, another Seagate man playing his records over again and again. His roommate, Shep Finklestein, Brooklyn, is busily doing—you guessed right—his famous pastime, "snozzin'."

Starting on our last rounds we find in Room 17 Dave "Ketzel" Greenwald, Larchmont, N. Y. with his famous sayings. Across from "Ketzel" is "Shipyard" Larry Wheeler, the brains of Cheshire. Next to Wheeler in Room 21 we find Ted Turchon from the big city up north, Boston, telling of his experiences in the city of his love.

Hurley Hall

Characters—The "boys" of Hurley Hall.

Scene—Hurley Hall at 10:15 on any night.

Scene I

(Bell is rung) Mr. Schultz—"Get it ready!"

Loco—"Turn that thing off! I'm leaving!"

Cookie—"Who put the damn hanger in my bed, Red?"

Romero—"Where's my roommate, ey?"

Rand—"Behind the closet where you put me. I haven't moved, honest."

Henry (His eyes wet)—"Sulli put me twenty this week."

(Enter Hutch with full suitcase, clothes over his arm. Bogie, Cookie, Red, Roy, and MacDoog follow him to Room 9.)

Hutch—"Where's Frank? I've got his draft card."

Cookie—"Gosh, the drawer's full now!"

Roy—"If Francis could see me now!"

MacDoog—"How about you, Bogie?"

First row, left to right: McDermid, Hoffman, Benacerraf, Barzuna, Rand.

Second row: Roy, Peters, Smilen, Peyton, Clark, McCarroll, Weinstock, Fowler, Kimmel.

Third row: Hamerschlag, O'Toole, Lerner, Barton.

Bogie—"I could stand it. Yea, I think I could."

Red (To MacDoog) —"Get a hanger, quick!"

The Pate (Bursting into the room) —"Who put that in my bed?"

(All laugh and leave the room with contented smiles.)

Cisco (from end of hall) —"Where's my package? It hasn't come yet."

Smilen—"Your boys must have slipped up."

Cisco—"How could they? The Kor's boys were with them."

Hustus—"His ticker is weak; a champ but a weak heart! Just you ask Blowie."

McDermid (running from his room. Frank on his heels.) —"I didn't order all this. What do you think I am?"

Frank—"Quiet, you fool. Why I remember the time. . . . Well, leave it as it is."

Ted (walking up the hall) —"What check? Who checks?"

Seabury—"Anyone want a train whistle?"

Peters—"Four no trump. And remember, Red, that's Blackwood!"

Red—"Yea, man, sure, six diamonds."

Aspura—"Close window."

Capt. Ed—"Attention!" (Dorm comes to attention as the captain enters last on left.)
(The bell is sounded by Mr. Loder and slowly each light is turned off.)

Scene II

Scene—Room 9. The time is 11:30. Boys are spread over the entire room.

Roy—"Francis, oh, Francis! Where are you now?"

Bogie—"Bobby, I need affection!"

Red (removing pajama top)—"Cookie, take my uniform and go in."

Cookie—"Yes, Red, of course. Lost my head. The rain is killing the rhubarb this year."

(A knock is heard. Red jumps under the desk. Roy and MacDood
head for the beds. Enter Frank.)

Frank—"More! More! More! More, I say!"

Hutch—"Peon!"

MacDoog—"Quiet, I'll punch you out." (Sinks back into chair.)

Hutch (Holding a card)—"Boy, 200 pounds, 6 feet tall, that's me!"

(Cookie, Red, MacDoog and Ray break out in song.)

Together—"A man told me before he died and I've no reason to. . ."

Bogie—"Leave us not get carried away with ourselves!"

Methodist Parsonage

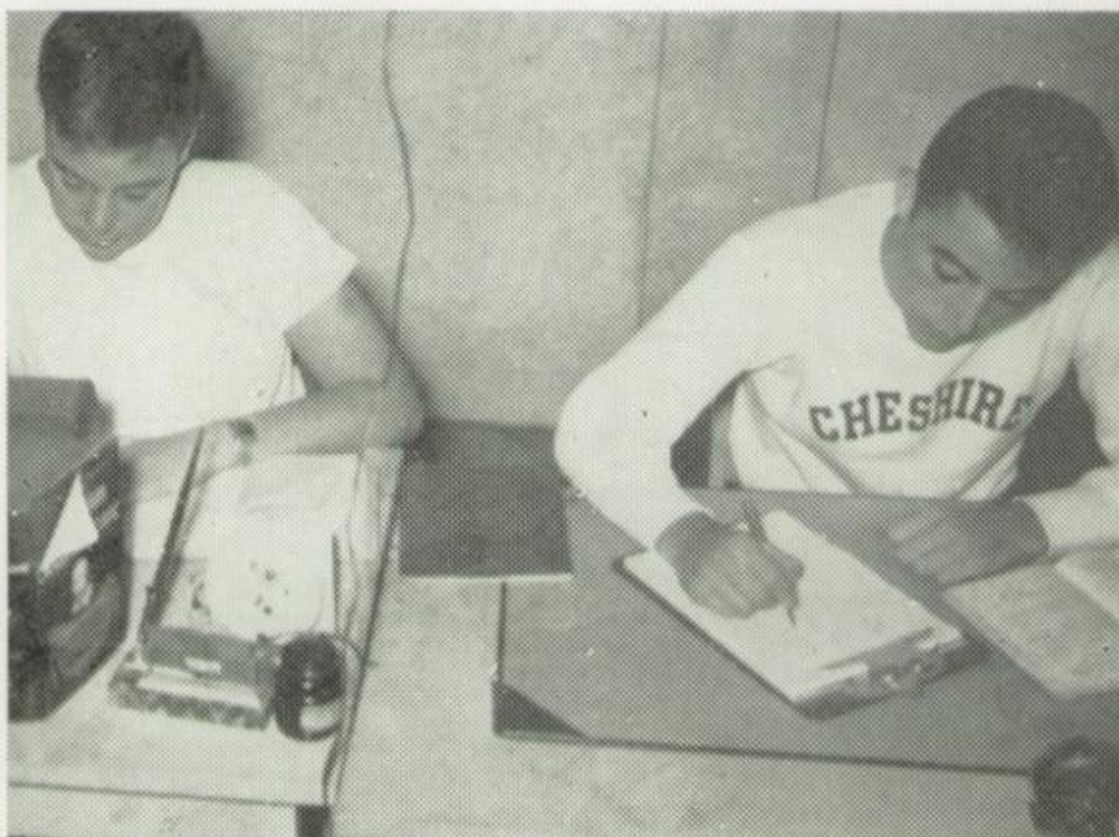

A beautiful old New England styled house stands on the Main Street of Cheshire. This house is known to all as the Methodist Parsonage. No other House has a character in every room like this one. Let us take a stroll through the house. In room one is a Greek scholar, philosopher and gladiator, Richard Kennedy. In room two, we hear the screaming shouts of B. W. Schwartz and Morton Epstein arguing over biology experiments. In room four we have John Cunningham, the strong man of the House. His roommate is Billy Driscoll who has a girl in every drugstore. In room three, if you listen hard at the door during study hours you might hear the tinkering of tools. That is Richard Holzmark hard at study fixing a whaten or lighter. Opposite his desk beneath a pile of books, his glasses on and pipe in his mouth, Jordon Cohen is trying to think of a way to graduate. Downstairs we find Buddy Nossiter and Gustavo Rodriguez. All that can be heard from their room is "Are you a wise guy. Huh!" So we leave the portals of this House, never to forget the handsome and educated boys of the Methodist Parsonage.

The Senior Court

The Senior Court is the offspring of the Senior Council. Founded late in the year, its purpose was greater cooperation between students, and between students and masters.

The Senior Court is a form of government run by the students, for the students, but in no way infringing upon the proper authorities of the school. It upholds the established order by imposing penalties for minor infringements of the school rules by students. Each student brought to trial is given advance notice of one day and the opportunity to pick a defense attorney from a list submitted to him. The jury is composed of four men from the student body and four from the Senior Council.

The Senior Court of Minor Misdemeanors, to give the full title, is the brainstorm of "Woody" Cockerill and has justified its existence even in the short time that it is operating. We speak here in the present tense because the Senior Court has drawn up its Constitution and will be in full swing next year.

The Press Club

The Cheshire Academy Press Club was formed in the summer of 1949 by Philip Rosengarten and Mr. Towers. It began full operation on the opening day of the fall session by issuing a "Press Club Bulletin." This pamphlet gave full particulars on all extra-curricular activities, and was welcomed not only by the new members of the school but also by the returnees.

Through the fall all important athletics and social activities were reported to the various newspapers and radio stations. In the latter part of the football season the Club began announcing all the important games.

With the coming of winter John Schloss was appointed Vice-Chairman because of his work in covering the fall sports. The Club, while continuing all of its other activities, began selling photographs of the school teams, captains, and important events.

Spring brought on more sports, a social season and graduation. All were capably handled by the now experienced group that had long since learned the perils of hurried writing and last minute rushing to meet a deadline.

The small but efficient organization was composed of Philip Rosengarten, John Schloss, William Cushing, Charles Crowley, Richard Reid, Harry Ludwig, Albert Munro, Chandler Drummond, Richard Page, William Rees, Michael Conroy and Louis Ricciuti.

The Glee Club

This year's Glee Club, under the able direction of Mr. James Loder, completed a successful and enjoyable year here in the Cheshire gym on May 20. Prior to this concert the boys had traveled to Laurelton Hall in Milford and to St. Margaret's Academy in Waterbury where dual concerts were held with the girls there.

The concert on May 12 at Laurelton Hall was the first one of the year, and here the boys proved that this year's Glee Club was one of the finest ever to be produced by Mr. Loder. The entire repertoire was sung and brought forth calls for several encores. The president and soloist, Woody Cockerill, distinguished himself singing the solo in The Dartmouth Winter Song. Unfortunately the scheduled dance was called off a few days before the concert, but everyone took this blow in the usual Cheshire spirit. After the concert the boys stopped for refreshments and spent several enjoyable hours before returning to the Academy.

Exactly one week later, May 19, the club set out for St. Margaret's in Waterbury, and there put on a dual performance with the girls. The choral group at St. Margaret's is one of the finest

in the state, but again the boys rose to the occasion and brought glory and honor to the school and on themselves. The concert was a relatively short one, but everyone appreciated the extra time which was spent dancing. Refreshments were served, and when the time came to leave all the boys were quite reluctant. The concert and the dance were both a huge success.

The next evening, May 20, the final concert of the year was held here. The Glee Club was host to two girls' choirs: the Congregational Choir from Cheshire, and the Day School from New Haven. The Cheshire Academy again distinguished itself, and with the Congregational Choir, sang the "Deaf Old Woman," which was a huge success. After this concert a dance with both the girl groups was held in the gym. The dance lasted until 11:30 and everyone had a marvelous time. Thus ended the Glee Club season for the 1950 year.

The whole Glee Club expresses its deepest regrets and wholehearted sympathy to Mr. Loder for the loss of his mother, the Friday morning of the concert at St. Margaret's. Their appreciation and thanks go beyond words to Mr. Loder for staying on until the finish of the concert season.

GLEE CLUB CONCERT DANCE

Dramatic Club

This year the Academy Players had a large turnout, about 35 boys in all. Mr. Donald Towers did a fine job directing and we all want to thank him for what he has done for us. Our special thanks are for the tremendous amount of work done by the stage crew, especially those three boys who have been the Club for a number of years: Phil Rosengarten, stage manager, "Chan" Drummond, and George Platt, electrician. In the Club elections this year the following were elected to office: Dick Reid, President; Chuck Crowley, Vice-President, and Phil Rosengarten, Secretary.

The first play, *Arsenic and Old Lace* which was put on in Cheshire and in the Avery Memorial Theater in Hartford, was a great success. Chamberlain and Guodace can be remembered for their roles as the old ladies, along with Dick Page, the male lead, and Miss Barbara Dayton who played "Elaine Harper." Bill Cushing did a fine job as "Dr. Einstein."

The next play was *The Man Who Came To Dinner* with Chuck Crowley starring as "The Man." This was presented once for The Cheshire Library Fund and again as the graduation play. Miss Barbara Dayton did an excellent job as "The Man's" secretary. Everyone will remember Murphy as "Beverly Carlton" and O'Brien as the crazy "Banjo."

All taken into consideration, we believe we've had a good year and we've all had a lot of fun.

CHESHIRE

Of

1949 and 50

New England Football Champs

This year's varsity football team was, and will be, one of the bright spots in Cheshire Academy's athletic history. The odds against a football team going a full season without being beaten or tied are tremendous, even if the team has been "delevoped" over a period of years. But, for a group of complete strangers to get together and in a few short weeks turn out a grid-iron machine that is practically invincible is fantastic. Cheshire Academy did this. Under the expert guidance of Coach George "Jim" James the 1949 football team compiled a perfect record. Besides beating three of the best Prep School teams in New England, the "Cats" outplayed and outscored four college freshmen aggregations.

It is true that there were spots of spectacular playing, but the major part of the team's success depended on the spirit, teamwork and good old fashioned "sweat" that every member of the squad put into his practice and playing. When you saw Cheshire on the field you saw a group of boys that were there for one purpose, that purpose was to win; there was no "grand stand" playing among the many "stars." It was this spirit of centralized unity that was the downfall of every opponent. Cheshire's first scheduled game was with Yale University's Freshmen, but because of an outbreak of polio on the Bulldog's Squad the game was cancelled and the Junior Varsity of Springfield College was booked as the opener.

When the day came for the initial fray, Cheshire was not ready. Mr. James and his assistants, Mr. Dundas and Mr. Ponsalle, did all in their power, during two short weeks of practice, to whip a presentable team together; but even though they did an admirable job, there was much left to be done that Saturday the "Cats" unveiled. As was expected, the first game was a very spotty affair. Springfield was evidently in the same shape as Cheshire, because it was quite a while before either team could begin to roll. After many miscues and much hard luck, the passing attack, sponsored by quarterback Tom Mahar, began to click and Cheshire had its first touchdown of the year.

The "never say die" Springfield club snapped back with a tally to even the score, but

another pass by Mahar in the third quarter, plus a successful extra point try, was enough to finish the game with Cheshire on the long end of a 13-6 score.

The week between the opener and the University of Connecticut Freshmen game was spent on much needed drill and ironing out of weak spots in Cheshire's football organization. The result was that a much more confident and sharper team took the field against the men from Storrs. It was a hard fought battle from the starting whistle to the closing gun. The inspiring running of Charles "Chalky" Dietlin and Mahar's passing was enough to rack up 18 points for Cheshire while the forward wall of the "Cats" held the hard charging UConns to 7 points.

In this game the tough stubborn power of Cheshire's line made itself apparent.

When the Columbia University Freshmen invaded the Cheshire gridiron everyone knew there would be a battle, but no one could have guessed how much of a battle it would be. With every passing day Cheshire was getting stronger and looking more like a team; the boys were beginning to feel like ball players.

Cheshire scored two quick touchdowns in the first period using its devastating passing attack to set the stage. After a sustained drive, spotted with short passes, Mahar plunged over from the two on a quarterback sneak. A short time later a pass from Mahar to the end, Harry Benninghoff, clicked for six more points. After this spurt of power by Cheshire, Columbia tightened up and the remainder of the first half was a see-saw battle with neither team able to score.

Columbia was good. They were on the field three minutes of the second half and the score was 12-7. The remainder of the game was a fight by Cheshire to hold off the Big Blue. It looked as if the end was in sight in the fourth quarter when Cheshire fumbled on their own three yard line and Columbia recovered. The Columbians hammered at the Cheshire line three times in succession to no avail, a final fourth down desperation pass was battered to the ground. Cheshire had withstood its first real crisis and the line had its "Baptism of Fire."

The remaining few minutes were an anti-climax; final score, 12-7.

After three straight wins, Mr. James' boys were beginning to realize they had something, therefore, they were becoming harder and harder to stop. Unlike many good teams that become too self-confident, Cheshire buckled down with earnest and sensed that the hardest was yet to come.

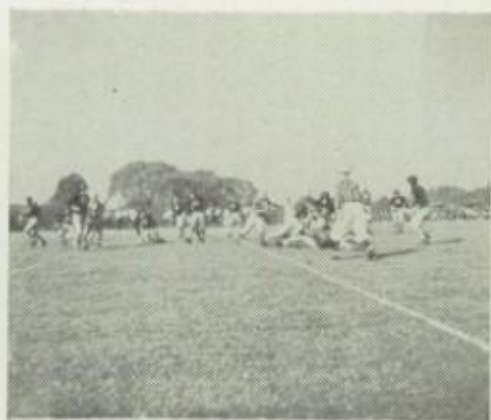

New York Military Academy trooped on to the Cheshire gridiron with all of their pomp and flashy uniforms. They were a big, smooth and confident group. As they expected to do, N. Y. M. A. scored quickly in the first quarter on a long looping pass. Not to be outdone, Cheshire promptly retaliated with a pass from Mahar to halfback "Woodie" Cockerill for six points. "Doc" Blanchard made the conversion and the score stood at 7-6 as the first half closed.

It was as if the "Cats" were biding their time to deflate the big Little Army balloon. The second half started and N. Y. M. A. was swamped by three quick touchdowns. Cheshire exploded; "Doc" Blanchard went through the middle, Dietlin through left tackle, and Ray Rondine went around right end. It was all Cheshire to the end. The score ended at 27-6.

The Yale Award

Coaches Dundas and James hold plaque with Harry Benninghoff who was acclaimed the best prep school player in the state.

The boys were looking forward to the Exeter game for two reasons. They wanted to play a prep school on their own level and the overnight trip to the green New Hampshire hills looked alluring. They were well satisfied with both experiences. As anyone who has seen it knows, Exeter Academy is an awe-inspiring institution. It has all of the facilities of a good medium sized college and a great athletic plant, complete with concrete stadium.

If the Cheshire team was affected by this finery, they certainly didn't show it when they took the field that Saturday afternoon. The game was only minutes old when Mahar took a bead on Benninghoff for six points. It seemed too easy, so they tried it again; this time a pass to "Chalkey" Dietlin. He went for fifty yards before he was stopped on the ten.

Exeter had the heart but they were completely outmatched. Cheshire's terrific forward wall tore huge holes in the Exeter line through which Orton, Blanchard, Cockerill, and Rondine scampered at will. Cheshire paced themselves perfectly, making one touchdown per quarter with an extra one in the second period for good measure. The scores that day were made by Orton, Benninghoff, Mahar and two for Blanchard. All in all it was a very enjoyable weekend for the "Cats." Score: 31-6.

The team now had 5 straight wins under their belts and were hoping to finish strong. Coach James was a little wary before the Trinity game. He felt as though the boys might be in for a surprise—and, they almost were.

It was cold and rainy the Saturday Cheshire and Trinity squared off. The sky was dark and dreary as though it was meant to be a premonition of disaster.

The first quarter was six minutes old when the trouble started. Trinity had the ball, they threw a pass and wham! Cheshire was behind six points. The conversion was good and the score was 7-0. Throughout the rest of the first quarter the Cheshire club battered away at the Trinity wall, looking for any small chink in its formidable armor. Finally, in the second quarter, Cheshire caught fire and drove to Trinity's two yard line. On the next play Dietlin smashed his way into the end zone for the much needed six points. Later in the same quarter Ray Rondine carried the leather around left end to make the score 12-7 at the half.

When the fray was taken up again in the final half it was still a shaky situation. Cheshire was definitely off its game and was hungrily holding on to their five point lead. Blanchard eased matters a little when he went to eighteen yards off left tackle for a touchdown in the fourth quarter, making the score 18-7. Even though this was the last score of the ball game, Cheshire was never sure of victory until the final gun. It was a very relieved group of boys that left the Trinity field on the long end of an 18-7 score that afternoon.

The Cheshire homecoming day was the occasion that marked the Worcester Academy game.

The Cheerleaders

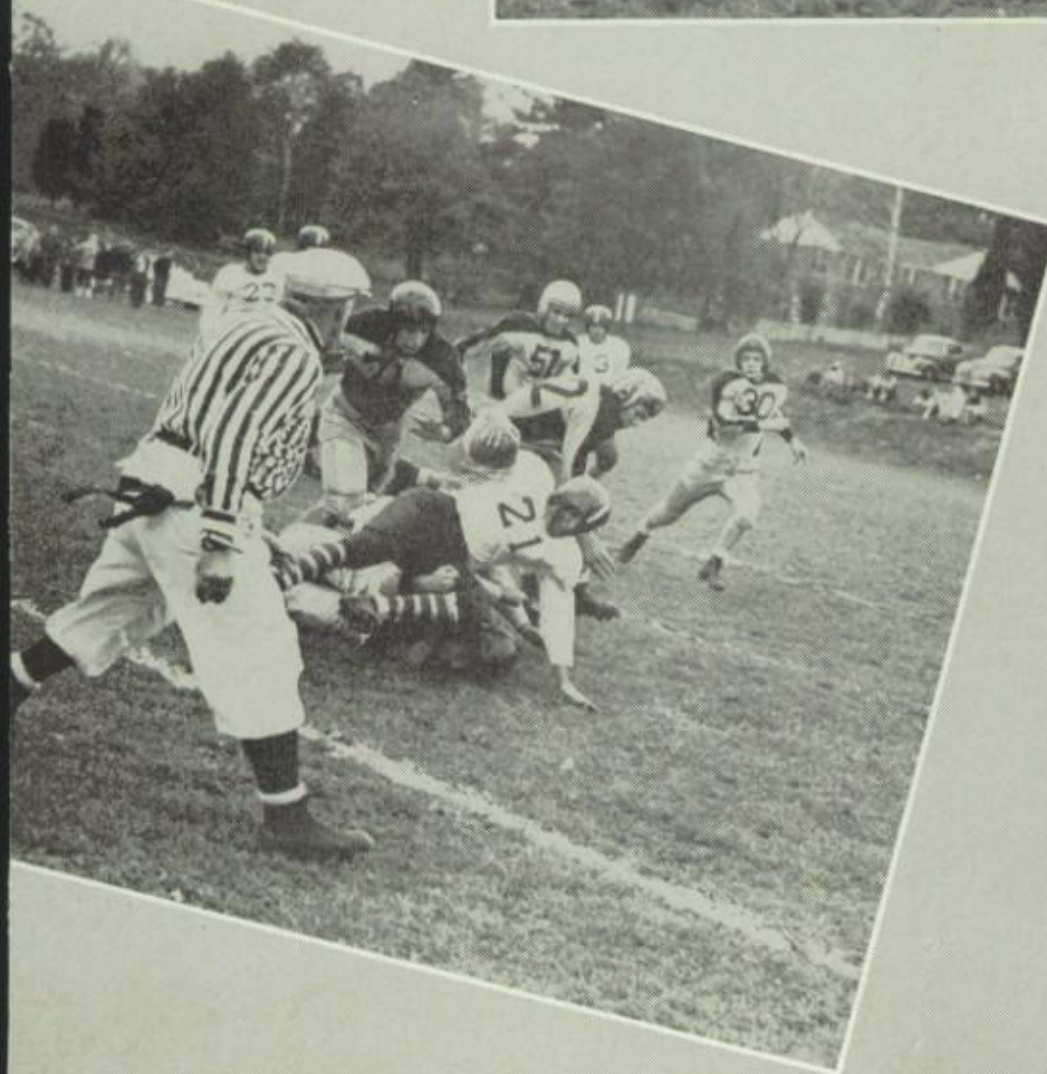

Hutchinson, Barzuna, Weinstock, Hamerschlag, and Fowler.

Worcester was bringing with them, besides a group of accomplished football players, a very impressive reputation. Anyone who can build up a nineteen game winning streak is impressive in anyone's way of thinking. Little Cheshire's six games straight looked small alongside of mighty Worcester's 19.

It was a mean combination for the "Cats" to face. They had had a very hard Saturday the week before and now they were up against a crew that hadn't been beaten in three years. It proved to be a very interesting day.

A short look at the final statistics of the game gives a fairly accurate story: Yards

GEORGE VERNOSKY
Football Star

gained rushing: Worcester 80, Cheshire 260. The Cheshire wall of stone really came into its own that day. It seemed as if every time a back would run toward the line with the ball there would be a hole big enough for him to drive his family car through. It was a very one-sided circus from the beginning to the end.

Cheshire scored only eight points in the first half, but this doesn't give a true picture of that part of the game. The "Cats" were plagued with penalties from the start, but it seemed as if Coach James' boys were too surprised by their own terrific power to score. Time and time again they refused to take advantage of the breaks. The first touchdown was collected after Captain Jack Orton and Blanchard drove to the six from which Blanchard plowed up the middle to pay dirt. The two points were made by Benninghoff as he fell on a Worcester ball in the end zone for a safety.

Cheshire scored again in the third quarter when Woody Cockerill took a punt from the thirty to the Worcester two. Blanchard then drove over for the cash payment. Werner Seel connected to make it 15-0.

When the fourth quarter came around, Worcester was through. Although still fighting with all of its heart, the Worcester team was too spent to put up a struggle. Halfback George Vernosky raced eight yards around right end for six; Orton slipped through from the two for six more, and quarterback Charlie Marquette put the cap on it with a twenty yard pass to Dan Moriarity for the final tally. Final score: 33-0.

In the years to come, when the team of '49 will be just a record, you will see it in action. Whenever you go to a big time football game from 1951 to 1953 you will see part of the team that played here this year. Everyone of the boys on this team is going on to college and on to college football; so whenever you look at that Dartmouth, Colgate, or Yale program, see if any of the "Cats" are again prowling the gridiron.

Junior Varsity Football

The Junior Varsity Football team opened its season against Junior Republic. In a well played contest the J.V.'s won 12 to 0.

In their second engagement of the season, the J.V.'s faced the Crosby High Seconds. The J.V.'s displayed their supremacy and defeated the opposition 19 to 0.

In their "big" game of the year the J.V.'s traversed to Cornwall, New York, to play the New York Military Academy J.V.'s. Exhibiting a strong defense and an aggressive offense they romped to a 19 to 0 victory.

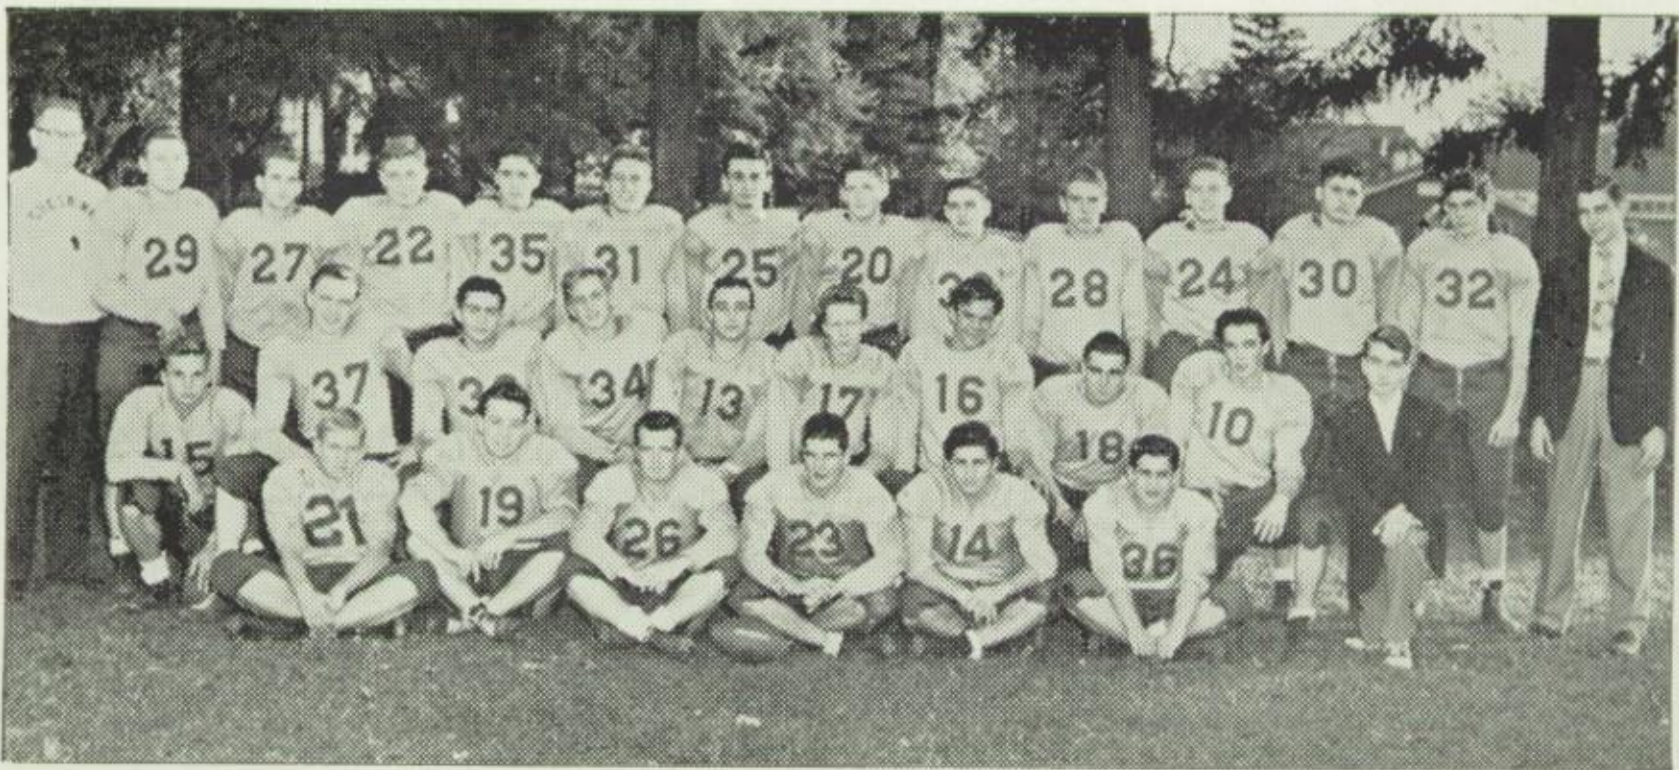

In their next encounter, a strong Lewis High contingent opposed them. In a hair-raising finish, Couluris of Cheshire caught a pass and scored the winning touchdown.

The Junior Varsity's next opponent was the New Britain High J.V.'s. The academy boys displayed the skill that they had shown all season and won 14 to 6.

The game with Wilby will be the contest most remembered by the team. With but seven seconds of play remaining Couluris intercepted a pass and ran ninety-six yards to a touchdown and victory.

In the J.V.'s finale the Milford Academy varsity were the opponents. Although they were the underdogs, Cheshire held a two touchdown margin at halftime. A strong Milford attack tied the score. The two teams battled evenly for the remainder of the game.

The J.V.'s ended their season unbeaten and as its captains chose Willy Haynes and Paul Couluris.

First row, left to right: Parker, Mylon, Ferguson, Dube, Sokol, Miroglia.

Junior Football

Under the capable tutelage of Mr. Edward Hart the Cheshire Academy Juniors began their season.

In their first game the Juniors encountered strong opposition in the Torrington High Freshmen. The latter team finally subdued the former, but only after a strenuous battle. The final score was 14 to 0.

The next game brought the Juniors a victory. Their opponents were the Crosby High Freshmen. The contest was not decided until the last minutes of play when quarterback Riccitti scored an an end sweep.

In the following game, the Kingswood J.V.'s furnished the opposition. The opponents played a scrappy and spirited game, but were unable to match the power of the Juniors.

In a return game with Torrington, the Juniors again fell at the hands of their powerful adversaries. This game was more evenly matched. Cheshire proved stronger and held Torrington to one touchdown before losing.

Notre Dame of New Haven was the next opponent for the Juniors. The game was closely contested, but on a well executed pass play from Allen to Mullen Cheshire won.

In their final appearance of the year, Cheshire opposed the West Haven High Freshmen. Although the Juniors exhibited their best showing, they lost in a thriller.

Following the season Louis Riccitti was elected captain by his teammates.

First row, left to right: Schuster, Erdheim, Holzmark.
Second row: Gnu, Hobein, Milner, Mullen, Riccitti, Puig, Gaffaney.

Midget Football

The "Mighty Mites" or the Midgets opened their season against the Westminster School. Their opponents proved very troublesome at times, but were never able to cope with the strong attack put up by the Cheshire Midgets. As a result of this strong offense, Cheshire won easily. Pete Swebelius, Joe Rothman, and Al Bassett each dented the scoring column. Much credit must be given to the Cheshire line for their commendable work. Time and again they repelled every Westminster thrust.

In their next skirmish the forces of the Junior Republic opposed them. The boys from the Junior Republic exhibited a fine offensive and defensive combination. However, the Midgets disregarded these factors and in a close game they defeated their rivals.

A week later found the identical teams facing each other again. More confident than they previously were, the Midgets struck fast and hard, easily winning the game 26 to 14. In this encounter Pete Swebelius scored twice, Joe Rothman, once, and Nielson once.

In their final game the Midgets faced Deerfield Academy. Deerfield arrived with its unbeaten eleven. Although they were the underdogs, the Midgets soon dispelled any thoughts of defeat. They fought strongly and expertly, finally defeating Deerfield 24 to 7.

With this victory Cheshire completed an undefeated season. This made the third Cheshire team to go through an unmarred schedule.

Varsity Soccer

SOCCER CAPTAINS

A. Tao, R. Diaz.

At the opening of the school year the Varsity soccer team began training for its 1949 season under the competent direction of Mr. Reeves. This year Coach Reeves had eight players left from the 1948 team. Five of these players had formed part of the regular team while the other three had been members of the reserve team. The nucleus of the new team was formed by Oswaldo Fernandez, Jesus Diaz, Carlos Azpurua, Ramon Diaz, and Antonio Tano; all of them experienced players who had already shown their worthiness in the 1948 season. Three more players were obtained from the 1948 Junior Varsity. Finally, with the admission of five newcomers a total of sixteen players was reached.

On September 30 the team left to play the first game of the season against Wethersfield High School. In this game Cheshire was not able to develop all its potential energy because of the small amount of training the team had had.

Nevertheless, Cheshire won a relatively easy victory with a final score of 3-2.

The next game was played on October 3, against Bloomfield High School. This game like all the others left in the schedule was played at the Academy field. The result was another victory for Cheshire.

After the third game of the season, played against Worcester Academy, was easily won with a score of 9 points against one, it became obvious that Cheshire this year had an exceptionally good team that would give quite a few surprises to its opponents.

The game on October 22 against New York Military Academy gave the "Cats" their fourth victory in a row. During this game Ramon Diaz distinguished himself by scoring several goals

First row, left to right: Feid, O. Fernandez, J. Diaz, Almeida, C. Azpurua, G. DelOlmo, R. Diaz, A. Tano.

which, together with those scored by the line of attack, added to a total of nine goals against one.

The first real test of the team's power came on November 26 when the game against the Wesleyan Freshmen was played. The contest took a rather violent character and the Cheshire players had to use all their courage and skill in order to overcome the fierce resistance offered by the Wesleyan team. The final score again was in favor of Cheshire, 3-0.

Three days later the "Cats" defeated Monson Academy 6-2 adding one more laurel to their crown.

After quite a spirited game, the Trinity Freshmen were defeated 6-1 on November 2. This team was one of the most powerful Cheshire had on schedule.

On November 5 the eighth victory of the uninterrupted series was achieved by the team in a game against West Haven High School.

Towards the close of the season the game against the Yale Freshmen took place. This game aroused great interest since both teams were known to be in excellent condition. Although Cheshire was able to score one goal during the earlier part of the game, the score remained nothing to nothing because one of the "Cats" was declared off side at the moment of the scoring. The teams proved to be worthy adversaries, and in spite of great efforts to score from both sides, when the final whistle blew the game remained scoreless.

The closing game of the season was played on November 12 against the Springfield College Freshmen, the Cheshire team being once more victorious.

Although Cheshire during the last four seasons has maintained a high standard of sportsmanship in soccer victories (two ties, and only four defeats), the results of the 1949 season greatly exceeded in quality those of former years.

Outstanding player of the team was Ramon Diaz who scored twenty-two of the team's fifty-three goals. Not less remarkable was the performance of Oswaldo Fernandez at the right wing. Fernandez thoroughly proved by his playing, the fundamental thesis of soccer: skill and not physical strength is the key to success. This may be applied to the team as a whole, for it frequently defeated adversaries that, though of a greater strength, proved to be inferior in skill.

In sport as well as in all other activities of real life, assertions are proved by facts rather than by words. Facts are what compel us to state that Cheshire's soccer team has written during the season of 1949 through the mettle and skill of its players one of the most brilliant chapters in the sport history of the Cheshire Academy.

Junior Varsity Soccer

The J.V. squad went off to a good start by defeating the West Hartford School by a good margin on a game that was Cheshire's all the way. Bad luck seemed to plague the team after that for it dropped three successive games. In the second game of the season bad luck showed its face once again when Freddie Meyer, our star prospect for captain, broke his ankle when he collided with one of his opponents, while trying to make a goal. Cheshire met stiff opposition when it met with Milford Academy Varsity and dropped one game to them. In our return match with Milford, Cheshire played a hard fought game in which our center forward Rodriguez went on to score with the support of able backfield Fowler and Captain Barzuna.

Special mention should be given to our able coach, Burt Dexter, whose patience and good coaching put together a group of American and Spanish boys to form an experienced J.V. team. Some other outstanding players were: Frankel, Contreras, Cuervo, De la Paz, Culver, Barnes, Williams, Romero, Mackenzie, and Pundik.

Junior Varsity Basketball

When the J.V.'s were good, they were very good; and when they were bad, they were very bad. The "Cats" started off fast by defeating the Milford Varsity 44-35. Once they had the lead, they never lost it. Feid was high scorer with 11 points while Greenwald and Blacksin had 8 and 6 points respectively. For the next contest the J.V.'s traveled to Junior Republic for a game with their varsity. Throughout the game the lead was never more than a point or two. But with a rush, Junior Republic came on to win, 48-43. Greenwald was high with 11 and Feid had 9. In the return game at Milford, the J.V.'s were completely swamped, 54-19. Cheshire never got started and was outclassed till the end. Blacksin was high with 6 points. Next the J.V.'s met the New Haven Penguins, and in a well played contest beat them, 40-34. Adler and Finkelstein had 11 and 10 points, respectively, while Roger Mahan who played for New Haven, had 15 points. The "Cats'" next loss was to Crosby, 24-20. Hamerschlag, who was borrowed from the varsity had 12 points. Feid and Dowling were good on defense for Cheshire. Poor foul shooting was the big reason for the J.V.'s loss to Munson. They made only 4 out of 18 shots. The final score was 31-26. Finkelstein and Greenwald led the scoring with 8 and 7 points apiece. The J.V.'s lost the last two games to Bristol 56-30, and to Torrington, 62-41. Throughout the season Finkelstein and Greenwald were consistent scorers. Dowling, Feid, Adler, Roffer and Blacksin also contributed many points. Renkert, Brennan, Miraglia and Weinstock were brought up late in the season. Corbet was also used sparingly. Coach Reeves and the boys enjoyed the season, although it was not a successful one.

Front row, left to right: Finkelstein, Feid, Webber, MacDermid, Dowling.
Second row: Denenberg (Mgr.), Adler, Roffer, Brennan, Greenwald, Blacksin, Corbett, Mr. Reeves (coach).

Junior Basketball

The Juniors played Wilby High for their opener, but the Waterbury boys trounced them 34-20. The moon-shaped boards which seemed strange to our boys apparently knocked them off their shooting. Coach Hart started his able four of Allen, Ricciuti, Mullen, and Rothman, with Brown stepping in.

The Juniors traveled to Milford to play the Milford Prep. The game was a very tight affair with both sides pulling evenly. However, the "Cats" aided considerably by the top shooting of Dick Allen pulled the game out of the fire, winning by three points. The score at the end was Cheshire 23, Milford 20.

The "Cats" were not so lucky against the Torrington Freshmen who showed fine shooting, speed, and good backboard strength. The Cheshire scoring started after Torrington had gone ahead 3-0. Walt Mullen sank a set and two fouls, but after exchanging baskets Torrington forged ahead with seven straight two-pointers. From then on through the second half the game belonged to the visitors. Allen fought gallantly throughout but the load was too heavy for him.

Front row, left to right: Robbins, Lutzker, Faske, Miller, Powers, Rees, Ricciuti.
Second row: Bachrach, Rothman, Mullen, Brown, Reed, Allen, Kelly, Mr. Hart (coach).

Midget Basketball

The strong spirited Midgets, most of whom were newcomers and rather inexperienced, started off the season by traveling to Wilby, where they were defeated by a bigger and stronger foe. In the first quarter, Bruce MacDonald laid up three quick baskets to put Cheshire ahead. The game was touch and go all the way. Pantano, Guodace, and big John Cornwall took off their share of the rebounds, but Cheshire finally lost out to the well-conditioned team.

The Midgets took on Torrington next, in their first home game. They played well, but once again were up against a stronger team and lost 31-11. Little Bruce MacDonald again led the team in scoring, with Cornwall and Courtania playing well.

The "Little Cats" again took on Wilby, this time on their home court. The Midgets were out to avenge their first defeat; but even though they tried hard, they were defeated. Guodace and Cornwall played well that afternoon.

The "Mighty Midgets" took on Crosby next and lost another tight one. MacDonald once again copped the scoring honors. The rest of the scoring was divided among Cornwall, Pantano, Guodace, Almy and Lee Powers, whose sportsmanship and basketball ability were a great help to the team.

Trinity Pawling was the Midget's next opponent. This game was hard-fought all the way, but Cheshire lost another squeaker.

The last game of the season was played against St. Anthony of Meriden. It was no disgrace to lose this game to a skillful, smooth-working group. These "Little Men" from Meriden outplayed a fighting Cheshire team most of the way.

Varsity Fencing

The Cheshire varsity fencing team has completed another highly successful season. When practice started last fall there were five veterans from last year's team and many newcomers to the sport, all trying for the coveted team positions. During the season five boys made the foil team: Driscoll and Zahary were veterans while Lecours, Hunter, and Aspuria were the newcomers. The epee team consisted of Driben, Fowler, Culver and Dehle. In the sabre division, Marinan and Crowley were veterans of last year's team, and Tan Sin Min distinguished himself by developing into a very fine sabreman. Jaryan and Rose also competed in some of the season's matches.

The opening bout of the season was with Admiral Billard Academy. The sailors had beaten last year's team but were no match for this one. They won the foil bout, 5-4, but Cheshire took the epee 7-2, and the sabre, 5-4. Marinan made a grand slam in sabre, winning all three. The final score was Cheshire 16 and Billard 11.

The next match was with the Riverdale varsity in New York. Cheshire lost the foil, 3-6, and the sabre, 7-2, but won in epee, 5-2. The swordsmen lost this one, 1 to 10.

Next the team faced the older and more experienced Yale freshmen. Cheshire lost both foil and epee, and although they won the sabre, 5-4, they lost the meet, 18½ to 8½.

Front row, left to right: Zahary, Driben, Driscoll, Marinan, Hunter.
Second row, left to right: Rosen, Lecours, Al-Jaryan, Fowler, Dehle, Tan Sin Min, Holzmark (Mgr.), Crowley (missing).

Recovering from two defeats the Cheshire swordsmen beat the Wesleyan freshmen by the same score as in the Yale meet. Cheshire took the foil, 6 to 3, the epee, $6\frac{1}{2}$ to $2\frac{1}{2}$, and the sabre, 6 to 3. The number one men in each division on the Cheshire team made "grand slams." Zahary, Fowler and Marinan all won three bouts. Final score: Cheshire $18\frac{1}{2}$ and Wesleyan $8\frac{1}{2}$.

In the closest match of the season, Cheshire lost to the Columbia freshmen, 13-14. Columbia won both foil and epee by scores of 5 to 4. The Cheshire sabremen won their bouts, 5-4, but at the final tally Columbia took the meet by one point.

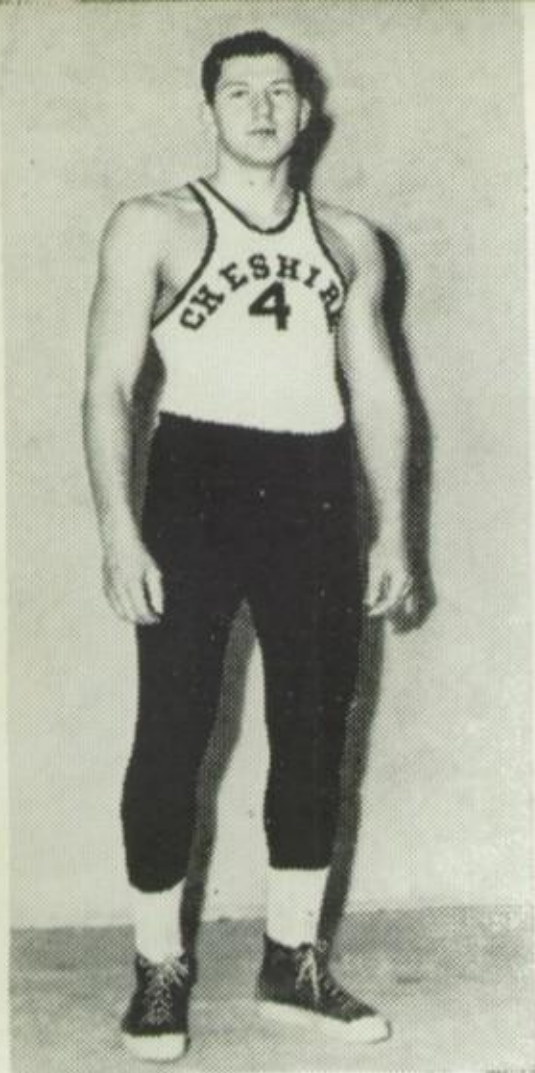

The next meet was with Thayer Academy in Massachusetts. It was an overnight trip, and the Thayer lads were fine hosts except for the fact that they beat Cheshire 16 to 11. They took foil, 5-4; epee, 5-4, and sabre, 6-3.

In the last match of the season Cheshire met the Hopkins team that defeated last year's team twice. Cheshire won the foil, 5-2, and Zahary won all three of his bouts. They also won in epee, although they dropped the sabre 4-5. The final score was Cheshire $14\frac{1}{2}$, Hopkins $12\frac{1}{2}$ and Coach Cable Starlings' fencers finished their season in a blaze of glory.

WERNER SEEL
Wrestling Champ

Varsity Wrestling

The Cheshire Academy grapplers had five meets which included some very tough teams, as shown by a not too successful record. Out of the quintet of opponents faced, Columbia was the sole squad to go down in defeat. All other matches were decided heavily in favor of the other team. There was though, as we all know, a big highlight in our wrestling season this year, and that was one Werner Seel. Not satisfied with pinning his man in every match, Mr. Seel later took a trip to the 15th Annual Lehigh Prep School Wrestling Championships. Representing the Academy as a heavyweight entry, Werner walked away with the championship after falling four opponents.

Loomis School was the first to feel the loss of five points to Mr. Seel, but to no avail, for they gained falls in every other weight, winning 33-5. Yale loomed as the next opponent, and this time Peyton and Clang also garnered five points apiece. 25-15 was the final outcome. New York Military Academy followed suit with the other opponents as they smashed us 33-8. Bob LaFrance and Werner Seel were the only point earners for Cheshire. In the wrestling team's fourth away meet they met the Columbia Freshmen over on Morningside Drive in New York. The Lion Cubs bowed 20-18, as Gaffney, Reid, Vail, and, as usual, Seel all gathered five points each. This lone victory gave to hard-working Coach Jim James sufficient satisfaction to end the season with a smile.

The Brown Frosh came to the Academy home grounds in the season's last scheduled contest. Before cheering fans in the gymnasium, Werner Seel displayed

to all his skill in the art of wrestling. Peyton also got five points by points, but that was not enough, for Brown took the match by a 30-10 count.

Mr. James has high hopes for next year, for coming back will be three letter men. They are LaFrance, Gaffney and Silverton, who all appear to be excellent prospects for the coming year. A Junior School team also has been formed which will give the younger boys that added experience which makes for smart wrestling.

Varsity Swimming

The Cheshire Tankmen, under the leadership of Mr. Hickox were unable to keep on the winning side this year. They dropped the first two meets at Trinity Pawling and Hopkins Grammar, but later came on to defeat Hamden. In each game we lost, however, our swimmers gained enough points to keep the score from being balanced too heavily on the other end. Williams, Kallfelz, Sheldon and Clark were the main go-getters on the team.

Ken Sheldon garnered the most points for Cheshire Academy in the meet with Trinity Pawling. He took firsts in the 100 yard and 50 yard freestyle and participated in the relay which won all its races. Larry Kallfelz and Joe Clark also chalked up a few points. The final tally was 33-22.

Clark and Kallfelz, along with Bruce Williams, were the highlights for Cheshire in our next meet with Hopkins Grammar. The score was settled at 32-24, with Hopkins taking the honors.

In the last meet our boys finally emerged on the winning side. Hamden High School was forced to bear the brunt of a 37-29 Cheshire victory. Out of a possible seven first places we took five, with Bruce Williams taking the 50 yard freestyle, Joe Clark getting the initial spot in the 220 yard freestyle and Larry Kallfelz winning the 100 yard backstroke. Ken Sheldon followed close behind Williams to take a second in the 50 yard freestyle event.

Varsity Hockey

Last winter certainly was not very generous in providing the Cheshire hockey squad with much ice. As a matter of fact, they had practiced only once together before encountering the West Point Plebes in their only game. They had two others scheduled, but because of poor ice conditions neither contest was played. The Academy stick-handlers naturally lost by quite a score to West Point, who had been practicing all winter on the world's longest hockey rink. Mr. Garrison, who coached the team, did have some fine material for an excellent squad, but the boys had never worked out together on ice before. The forward line, which could have turned in an excellent performance had they worked together previously, fought bravely but vainly to keep the puck in the Army zone. Center for the team was "Woody" Cockerill, while Jack Orton and Joe Bianowicz held the wing position. Orton and Cockerill were the sole talliers for Cheshire in the West Point fray. The main stalwarts for the defense were Jack Feid, Harry Ludwig and John Davis. Our goalie was Henry Mayo, a newcomer to that spot, but nevertheless an effective one. On the whole, the boys put up a good fight considering their lack of conditioning and practice. The spirit was there even when defeat was certain.

Varsity Baseball

The Cheshire Varsity baseball team lost its first game of the season to Choate, 5-4. "Chuck" Dietlin went the route and was the loser. Feid did the catching for the Cats. Interlandi led the hitting attack with two hits, Mirto, Mackey, and Klonoski, each had one. For Cheshire: four runs, five hits, and five errors. Choate had five runs, five hits, and five misplays. Cheshire lost their second game of the campaign to Yale Frosh at Yale 11-2. Dietlin again was the starting and losing pitcher with Ford relieving in the 8th inning. Troendly and Feid did the catching. Bianowicz had two hits and Benninghoff one for Cheshire.

Cheshire finally came up with a win at the expense of Milford Prep, 14-8. Dietlin started for Cheshire but was taken out by Coach Reeves after Cheshire amassed 8 runs in the first frame, to save him for the game the next day. Cheshire batters got ten hits off three Milford pitchers. Ford came in after Dietlin, but Milford got to him for five runs; Frankel pitched the rest of the game and got credit for the win. Mahan, Troendly, and Feid did the catching.

Dietlin pitched his best game of the season but the Trinity pitcher was a bit better, throwing a no-hitter against the Cats and winning 5-0. Cheshire had the bases full a few times and a solid hit would have won the game, but it never came.

In the next game Cheshire was swamped by Monson Academy 12-1. Dietlin again was the starting and losing pitcher.

All during the season a timely basehit in many a game would have changed the score in favor of Cheshire.

Junior Varsity Baseball

The J.V. Baseball team under Mr. Fisher, lost their first game of the season to Hillhouse high school, 9-6. Coffin, star of last year's Junior team, did the pitching, and Weinstock did the catching. Coffin pitched well, but errors in the field hampered him. The "Cats" scored two runs in the first frame on a wild pitch, walk, and a fielder's choice. Hillhouse scored four runs in the second inning. Cheshire tied the score in the same inning with two more runs on hits by Coffin and Clang, and walks to Weinstock and Roffer. Cheshire went ahead 5-4 when the Hillhouse pitcher walked four men in the third inning. But this lead was quickly erased when Hillhouse broke open the game with three runs in the fourth inning. The final score was 9-6. Coffin walked 11 and struck out 7. For the J.V.'s 6 runs, 3 hits, and 8 errors. Hillhouse had 9 runs, 9 hits, and 2 errors.

In the next contest the J.V.'s were defeated by Leavenworth 10-6. Cheshire had 6 runs, 6 hits, and 2 errors. Leavenworth had 10 runs, 10 hits, and 5 errors.

The J.V.'s made the long trip to Deerfield for the next game. Coffin hurled for the "Cats," with Clark relieving in the late innings. Clang had two hits and Moriarty one for the "Cats." For Cheshire: 4 runs, 3 hits, and 5 errors. Deerfield had 8 runs, 6 hits, and 2 misplays.

The J.V.'s losing streak came to an end with a 14-1 rout of the Milford J.V.'s.

Varsity Track

"Doc" BLANCHARD

Track Champion

The Cheshire track team was not too successful this year. Out of five dual meets they only managed to come out on top once, this was a decided victory over the Trinity College Freshmen. Cheshire came close to another victory but was edged out by three points by the Loomis School. In the Interscholastics at Mt. Hermon the "Cats" placed third in a field of twelve schools.

In a sense it was a victory for Cheshire to place third at Mt. Hermon. Despite their very luke-warm season the boys went all out for the much sought for points. The highlight of the day was Cheshire's victory in the relay. The relay team, consisting of Jack Orton, Richard Noonan, George Vernosky, and "Doc" Blanchard, bettered the Mt. Hermon relay record and came within two seconds of the Interscholastics record. They bettered the Cheshire record (1:35.4) by 2.3 seconds.

Captain "Doc" Blanchard, who compiled $82\frac{3}{4}$ points during the season, holds the new Cheshire 100 yard dash record of 9.9 seconds. The former record of 10 seconds flat was held by Birge, 1928, and Kaufman, 1932.

cindermen. His brilliant performances in the 440 yard run did much for the team this year, he was a very hard man to beat. Your editor thinks George would have taken a first at Mt. Hermon in the 440 if he had run in the same heat with the two boys who took first and second places; he needed a little pressure to really perform.
